In loving memory of our friend Anton Hermann,
tragically killed in a cycling accident, July 2019.

Anton was one of those extraordinary human beings. Devoted to his family and friends, involved in community and pro bono legal work and a wonderful advocate and supporter of B4H.

Anton acted as our wonderful pro bono lawyer, through his work at Minter Ellison, helping us achieve DGR status as well as assisting in the formation of our new board. He believed in B4H and worked with us from the start of our journey 11 years ago.

For this we will be forever grateful and Anton will be forever missed.

Huge thanks to long time supporters!
